Re: Title: METHOD OF PRODUCING BIOLOGICALLY ACTIVE HUMAN ACIDIC  
FIBROBLAST GROWTH FACTOR AND ITS USE IN PROMOTING ANGIOGENESIS  
Letters Patent No. 7,252,818  
Issued: August 7, 2007  
Our Reference: CVBIO.008CP1

Dear Sir:

Enclosed for filing is a Certificate of Correction in connection with the above-identified patent.

The first item on the Request for Certificate of Correction, the addition of Bauters, et al. Clinical Cardiology, 1997, vol. 20, pp. II52-II57 to "Other Publications," concerns a non-patent publication first cited in an Information Disclosure Statement submitted to the Office on August 27, 2003. The Examiner considered the Information Disclosure Statement on January 17, 2007 and initialed every one of the references with the exception of the Bauters, et al. reference. As there was no line directly under the reference which would have clearly demarcated where the reference ended, we suspect the Examiner simply overlooked inserting his initials appropriately. Applicant respectfully requests that this oversight be corrected by including this reference on the Certificate of Correction as requested.

As some of the errors cited in the Certificate of Correction were incurred through the fault of the Applicant, we will be including a \$100 payment via the EFS web. Please charge any additional fees to our Deposit Account No. 11-1410.

Respectfully submitted,

Knobbe, Martens, Olson & Bear, LLP

Che Swyden Chereskin, Ph.D.
